Product Description

Little Wonder 35HP Monster TruckLoader w/ Skid Mount

TruckLoaders with Bite!

These debris loaders are a real beast on debris; helping you fit more in your truck. Clear more properties before offloading. Shredding Impeller Design for a MONSTROUS reduction ratio up to 15:1

Feature

- Anti-clog square stacks keep debris moving
- Heavy-duty welded steel construction for durability
- Replaceable steel wear liners
- Multiple engine options
- Mounting options (skid or trailer) are dedicated SKUs for less set-up time at the dealership

Best Use

- **Property Cleanup** - Ideal for clearing leaves, brush, and debris from large residential and commercial sites.
- **Contractors and Landscaping Professionals** - Increases efficiency when handling multiple properties.
- **Truck or Skid-Mounted Debris Loading** - Maximizes payload before offloading.
- **Heavy-Duty Debris Reduction** - Designed for high-volume reduction and minimal clogging.

Skid-Mounted Monster TruckLoader for Efficient Debris Reduction

The Little Wonder 35HP Monster TruckLoader w/ Skid Mount combines 35 HP of Briggs & Stratton Vanguard® power, a shredding impeller design, and anti-clog square stacks for maximum debris reduction. This truckloader is built for contractors and property managers who need durable, efficient, and high-capacity debris handling. For more information, [contact us today or get financed today](#) to add this loader to your fleet.
