Product Description

Ariens Zenith Series 60" Kawasaki

With a commercially-proven frame, the ZENITH is built to take on multiple yards with comfort features like a plush seat and isolators to keep you going all day.

Features may include:

Fully Tubular Frame - The industry-leading frame design features large-formed tubular frame rails and minimal welds to support the loads of the machine with unprecedented strength and stability.

Commercial-Grade Deck - A durable, 10-gauge steel deck is designed with 5 1/2" depth, providing optimal airflow in all mowing conditions for professional cutting performance.

Belt Tension Technology - The self-adjusting belt keeps the tension technology keeps belt tension constant, which maximizes belt life, minimizes wear, and maintains a consistent, quality cut.

Deck Lift System - Offers effortless adjustment between 15 cutting positions in 6mm (1/4") increments with a simple, vertical pin selection.

ROPS - Frame supports a folding ROPS as standard for added protection for the operator.

Padded Seat and Armrests - A high-back seat with additional padding features armrests and integrated seat isolators for greater comfort.
