Product Description

Toro Recycler 21” 60V Electric Battery Personal Pace® Super Recycler® Mower - 21566

This isn't just any walk-behind mower. The 60V MAX* Super Recycler is what other mowers aspire to be. Leveraging time-tested Toro engineering, the Super Recycler delivers the perfect cut every time, while nourishing your lawn to provide a rich, green cut that landscape pros relish. Fertilize your lawn while you mow with Toro's Super Recycler® Cutting System. Our top-of-the line dual blade accelerators deliver samurai sword sharpness, combined with under-deck wedges to shave down clippings into an ultra-fine mulch, adding nutrients, Lawn Vitamins, back into your lawn. Married with Vortex Technology and the commercial-grade Bagging Tunnel, Toro has enhanced the process of moving clippings around sending them further back into the mulching bag so you empty less often. Simply put, it’s the perfect expression of lawn mowing mulching or bagging. A mower’s dream.

*Battery manufacturer rating = 60V maximum & 54V typical usage. Actual voltage varies with load.

- Power to Get the Job Done - Tackle any job in a single charge with the most powerful battery (L405) in its class and mow up to 50 minutes.
- Four Season Power - Fully interchangeable 60V Flex-Force battery that works across an entire team of 50+ unbeatable tools with best-in-class performance.
- Vortex Technology - Increased airflow to supercharge your mowing.
- Starts the First Time, Every Time - Start the first time and every time with reliable push-button start and low maintenance battery power.
